You have an iPhone

1. Install the [GarageBand app](#) from the AppStore.
 2. Download the Dacia ring tone on your iPhone. You can save it directly in the GarageBand app.
 3. Open Garageband app and select any instrument.
 4. Once you've opened the instrument, tap on the "project" icon.
 5. Tap on the "loop" icon located at the top-right corner.
 6. Select Files in the menu to see the Dacia ring tone file you have saved.
 7. Drag and drop the file to the recording page of the GarageBand app.
 8. Tap on the "downward arrow" icon at the top-left corner and select "My Songs".
 9. Tap on "Share" and select "Ringtone".
 10. Now, you can give the ringtone a name of your choice. Once you're done, tap "Export" located at the top-right corner of the screen.
 11. Once the export is successful, tap on "Use sound as..." in order to set it as your default ringtone right within GarageBand.
- And that's it!
